Mr. James Smith Coordinator of Mined Land Development Division of Oil, Gas and Mining 1588 West North Temple Salt Lake City, Utah 84116 DIVISION OF OIL, GAS & MINING

Dear Mr. Smith:

Enclosed is Sunshine Mining Company's Notice of Intention to Commence Mining Operations at it's Burgin project located in Utah County, Utah.

Since the plan of operation for the complete development of the Burgin ore body will depend upon the results of initial exploration and development projects, this Notice of Intention focuses on the activities associated only with the development of the new underground access route. This development will require approximately three years. This plan of operations will be amended or revised as conditions change or as future development plans are defined.

Sunshine Mining Company's project manager for the Burgin property is Mr. Carl Johnson and I would ask that you route all correspondence directly to him at the following address:

Mr. Carl Johnson, Burgin Project Manager SUNSHINE MINING COMPANY P.O. Box 130 Eureka, Utah 84628

Thank you for you assistance in this matter.

Sincerely yours,

William B. Booth

Environmental Affairs Officer
